Paving the Way: A parents guide to Special Education transition stages

Thursday, Oct 25th from 11-12:30pm

Y Youth & Family Services
1907 Leonard Ave, Suite 100
Columbus, OH 43219

Children in special education are often faced with a number of transitions throughout their school years. For many people, change can be challenging or confusing and is often more so, for a child with a disability.

Join ECRN+ and our panel of experts to learn more about how to make this transition smooth for you and your child. Grab a slice of complimentary pizza or bring your own lunch and learn with us! Hear about what to expect during this transition time, your role as a parent, laws that apply to the transition, how you can help your child + more!

Transition stages to be discussed include:

- Early Intervention (birth to 3) to Preschool
- Preschool to Kindergarten
- Elementary to Middle/High school

FEATURING SPECIAL GUESTS:

Amanda Markward, School Psychologist
Jessica White, Preschool Psychologist
Debbie Osburn, Itinerant Teacher/Family Services
